## Recommendations of ADR

- The Supreme Court gave a judgment on September 13, 2013 declaring that no part of a candidate's affidavit should be left blank. Similarly, **no part of the Form 24A submitted by political parties providing details of donations above Rs 20,000 should be blank.**
- Full details of all **donors should be made available for public scrutiny under the RTI.** Some countries where this is done include Bhutan, Nepal, Germany, France, Italy, Brazil, Bulgaria, the US and Japan. In none of these countries is it possible for 75% of the source of funds to be unknown, but at present it is so in India.
- Details of donors who make **donations to the Electoral Trusts should be available in the public domain** for increasing transparency in funding of political parties.
- Any party which does not submit its donation statement to the ECI on or before 31<sup>st</sup> Oct **should be heavily penalized** and its income should not be tax-exempted. Strict action must also be taken against parties which do not file their IT returns.
- IT Returns of those parties not following the ICAI guidelines for auditing of reports should be scrutinized by the IT department.
- **The National and regional political parties must provide all information of their finances under the Right to Information Act.** This will strengthen political parties, elections and democracy.

## Detailed Report

### Analysis of Donations from Delhi to Major Political Parties, FY 2012-13

Political parties rely heavily on donations for contesting elections and running their daily affairs. They receive huge sums of money in the form of donations and contributions from corporate, trusts and individuals. Section 29C of the Representation of People Act, 1951 states that political parties submit details of contribution received in excess of Rs 20,000 from any person or a company to the ECI annually.

Named contributions seem to be very small i.e. single contributions above Rs. 20,000 seem to be very few in numbers for all the parties when compared with the total income of the party as declared in their IT Returns. While only 2.75% of total income of INC came from donations above Rs 20,000, BJP declared 25.66% of its total income from known sources of funding. While BSP declared that the party received no donation above Rs 20,000, AIFB, JDU, JKNPP, LJP and INLD have not submitted their donations statements to the ECI.

### Total number of named donors who contributed to political parties from Delhi

The number of named donors to political parties from Delhi (i.e. contributors who made donations above Rs. 20,000 which is to be mandatorily declared by political parties in their donations report) is remarkably low (only 9.8% of total income of the political parties).

(If a donor has made multiple contributions during FY 2012-13, each contribution has been individually counted. Hence, if a donor has donated twice, the number of contributors would be counted as 2).

## Conclusion

To ensure that there is **financial transparency and accountability** on the part of the political parties, there must be a strict mechanism for reporting financial information. The **procedures and reporting framework** must be **standardized** to ensure that a true picture of the financial position of political parties is revealed to the general public. **Institute of Chartered Accounts of India (ICAI)** has put forward a set of recommendations on the request of the Election Commission of India (ECI). These recommendations relate to a standardized and **comprehensive reporting framework of financial statements of political parties**. ADR feels that there is a dire need for these recommendations to be implemented at the earliest.
