Recommendations:

1. The current analysis of the candidates fielded by the major party shows that **political parties continue to give tickets to candidates with serious criminal cases**. The Association for Democratic Reforms recommends that **political parties should refrain from giving tickets to candidates with a serious criminal background**. The **political parties should take a stand against misuse of money power, bribing of voters and distribution of freebies**. Further, the political parties should move towards transparency and **disclose the criteria for selection of candidates during elections**.
2. The media & Civil Society should observe whether the Political Parties are publicizing the criminal cases of the contesting candidates as directed by the SC & ECI in Sep-Oct 2018.
