As you are aware, under article 324 of the Constitution of India, Election Commission of India is vested with the responsibility to conduct free and fair elections. Inputs have been received from various quarters that money power is disturbing the level playing field and vitiating the purity of elections. To curb the abuse of money power during elections, the Election Commission in the past, has issued several instructions to the candidates and political parties from time to time.

2. The Commission feels that it is desirable for the political parties to observe transparency and accountability in respect of funds raised and expenditure incurred both during elections and in other times. Further, in the interest of conduct of free and fair elections, it is necessary and expedient to provide guidelines for bringing transparency and accountability with regard to funds of political parties.

3. In order to enable the Commission to formulate the guidelines, the Commission hereby seeks comments/suggestions/inputs of the political parties on following issues:

- (i) The responsibility of maintaining the books of accounts of the party at all levels should be vested in the Treasurer of the party or in such person
