History of ADR

The inception of Association for Democratic Reforms (ADR) can be traced back to 1999 when a group of Professors from the Indian Institute of Management (IIM), Ahmedabad, anguished by the alarming rise of criminality in the Indian political system, filed a Public Interest Litigation (PIL) in Delhi High Court requesting for the disclosure of the criminal, financial and educational background of the candidates contesting elections. Based on this, the Supreme Court in 2002, and subsequently in 2003, made it mandatory for all candidates contesting elections to disclose criminal, financial and educational background prior to the polls by filing a self-sworn affidavit with the Election Commission. In March 2003, ADR was formally registered as an NGO.

Mission

To improve governance and strengthen democracy by continuous work in the area of Electoral and Political Reforms

Focus Areas

- **Corruption & criminalization in the political process**
- **Empowerment of the electorate through greater dissemination of information relating to the candidates and the parties, for a better and informed choice.**
- **Need for greater accountability of Political Parties.**
- **Need for inner-party democracy and transparency in party-functioning**

Political Party Watch

About: As political parties play a crucial role in a democracy, good governance would remain a distant dream without accountability and transparency in the internal functioning and financials of Political Parties. In 2008, ADR started a new program called Political Party Watch (PPW) to thoroughly analyze the Donations Report, Income Tax Returns and Election Expenditure Reports of Political Parties and disseminate the information to the Public. For the verification of the facts and figures, PPW always supports its reports with scanned copies of Income Tax Returns of various political parties (national, regional and un-recognised parties) and RTI applications. These reports have revealed that currently only National Parties and very few Regional Parties file their IT Returns on a regular basis every year.

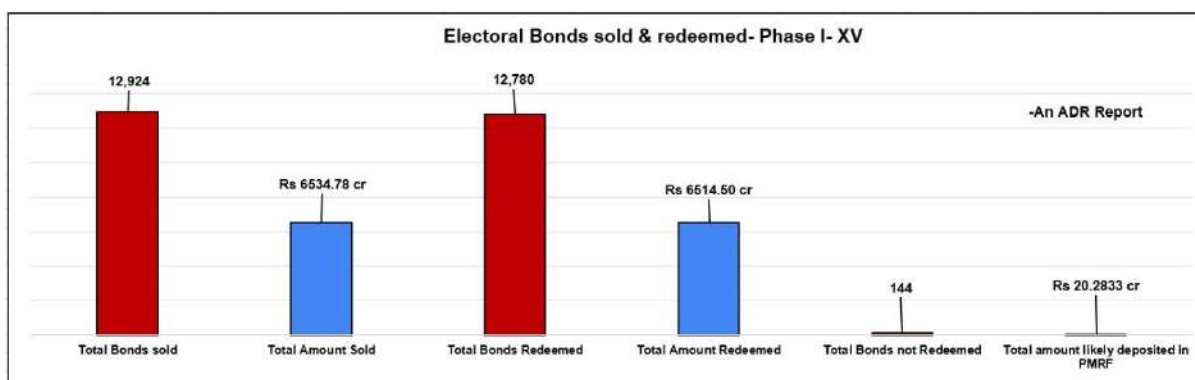

PPW Data Source: Income Tax returns and the donations details submitted to the IT Department and the Election Commission respectively by the political parties themselves.

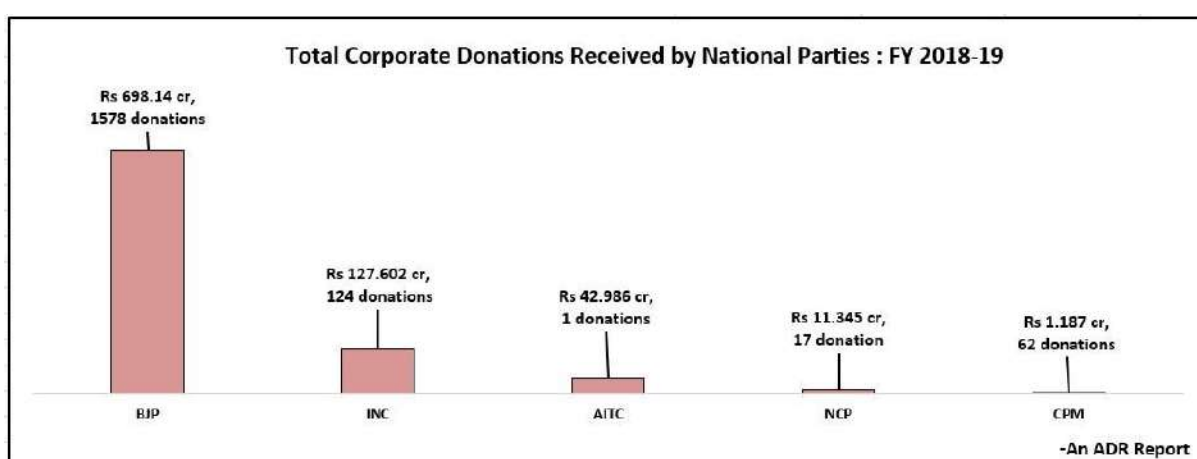

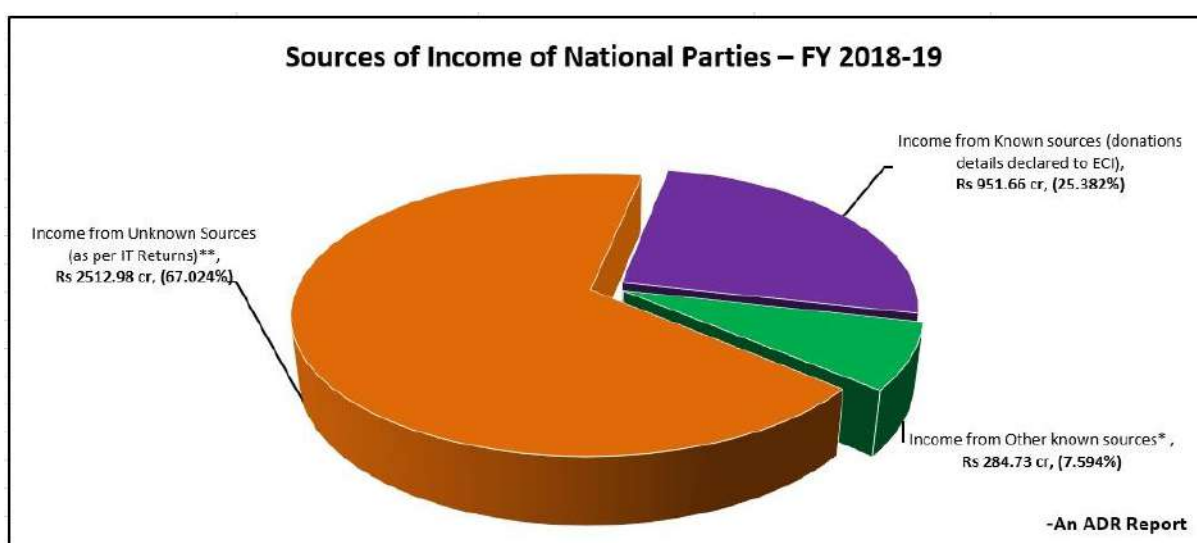

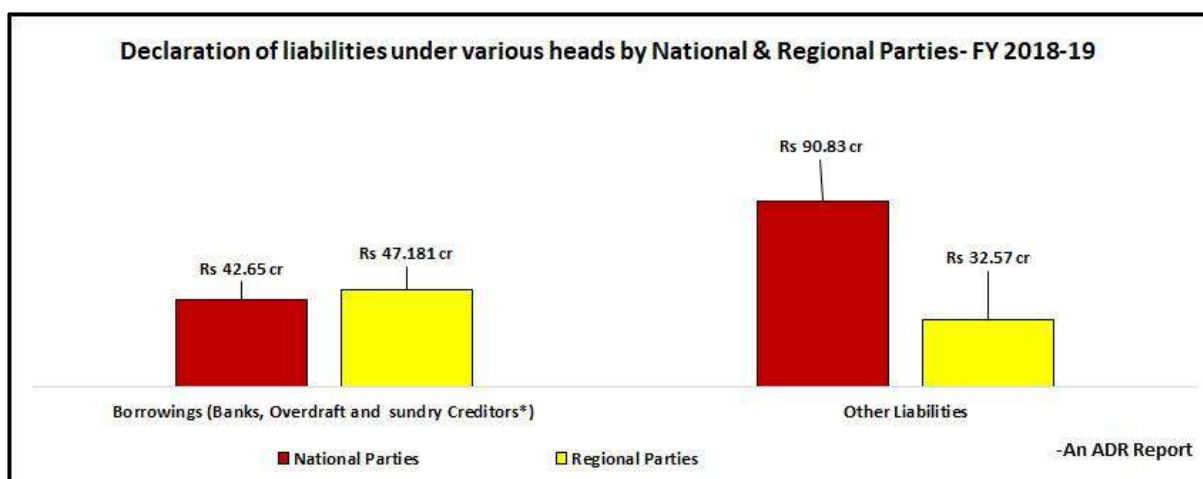

Following analyses on Political Parties were undertaken during FY 2020-21:

Important Findings by PPW

Strategic Litigation

About: Strategic litigation is another vital tool through which ADR has been able to create a momentum for required reform in the political and electoral system. ADR has initiated/intervened in several PILs, some of which have resulted in landmark judgments.

PILs filed by ADR during FY 2020-21:

I. ADR's petition challenging Finance Act, 2017; Electoral Bonds and Removal of company's limit to donate: W.P (C) 880/2017

This petition challenges the Finance Act, 2017 which was enacted as a money bill which introduced the electoral bond scheme for the purpose of electoral funding. The Act has also removed the previous limit of 7.5% of the company's average three-year net profit for political donations. A company is no longer required to name the political parties to which such contributions are made. The donors' name is also not revealed to the public. These amendments will result in opaqueness, heighten the odds of conflict of interest and also drastically increase black money and corruption. It will also lead to the creation of shell companies and rise of benami transactions to channelize the undocumented money into the political and electoral process in India.

Current status of the petition:

- **On 5th March, 2019** ADR and Common Cause filed the first application for stay against the sale/purchase of electoral bonds for Lok Sabha 2019 elections. In the stay application ADR had contended that enormous amounts of corporate funding would be received by political parties during the general elections and this would play a critical role in the elections. In response to ADR's application, the Supreme Court in its interim order dated 12th April, 2019 directed all political parties to submit details of donations received via Electoral Bonds to the Election Commission of India in a sealed cover on or before 30th May 2019.

- **On 29th November 2019**, ADR and Common Cause filed a second application for stay against the sale/purchase of Electoral bonds to bring on record certain vital documents which have surfaced recently and have a strong bearing on the instant case.
- **On 26th October, 2020** ADR and Common Cause filed a third application for an urgent listing of the petition before the Supreme Court of India. The application for an urgent hearing was filed because;
 - I. ADR's petition was last heard by the Supreme Court on 20-01-2020 and hasn't been listed since then, i.e., for the last 9 months, even though very significant questions concerning democratic functioning of the country are raised in the instant matter which requires urgent adjudication.
 - II. Right before the Bihar Legislative Assembly Elections, the State Bank of India, in the XIV Phase of sale, issued Electoral Bonds through its 29 Authorized branches w.e.f. 19.10.2020 to 28.10.2020.
 - III. Whereas the Electoral Bond Scheme dated 02-01-2018 clearly stipulates sale of electoral bonds in January, April, July and October months of each year; however, the window was not opened in April and July, but was opened in October'20, right before the Bihar Legislative Elections, 2020.
- **On 9th March, 2021**, ADR and Common Cause filed a fourth application for stay on any further purchase of Electoral Bonds before the then-upcoming state elections in West Bengal, Tamil Nadu, Kerala, Puducherry and Assam as it would further increase the illegal, illicit and anonymous political funding.

II. W.P (C) No. 1382/2019: Petition on voter discrepancies and mechanism of declaration of election result:

On 4th November, 2019, Association for Democratic Reforms (ADR) and Common Cause filed a petition in the Supreme Court of India to seek directions from the Supreme Court to order the Election Commission of India to completely stop the practice of announcing election results based on provisional and estimated data, prior to an actual and accurate reconciliation of data. Even for Lok Sabha 2019 Elections, the Election Commission had announced election results in all constituencies on 23rd May 2019, based on estimated data. This is verified by Election Commission's Press Note dated 01

June 2019 that stated “...***the final data on votes counted has been made available within a few days of declaration of results.....***”

In addition, ADR also seeks a direction from Supreme Court to the ECI to evolve an efficient, transparent, rational and robust procedure/mechanism by creating a separate department/grievance cell for investigation of discrepancies in election data and for responding to the elector's queries on the same. Through this petition, ADR is not challenging or questioning the final result of 2019 General Elections or the election process in the country. However, the issues and irregularities that arose in the conduct of the election/result of 2019 General Elections have been cited as arguments for effectuating free and fair elections, the survival of democracy and enforcement of fundamental rights. Based on our petition, on **13th December, 2019**, the Supreme Court of India had issued notices to the Election Commission of India and Union of India.

Current status of the petition:

On 27th February, 2020 an application was filed against the ‘mysterious rush and urgency’ shown by the Election Commission of India by destroying the VVPAT slips used in 2019 Lok Sabha elections in just four months after the results were declared. This was in contravention of the rules prescribed under the Conduct of Election Rules, 1961. Rule 94 (b) of the Conduct of Elections Rules, 1961 states that, “the used or printed slips in any election shall be retained for one year from the date of declaration of the results of the election and shall thereafter be destroyed. Therefore, an application in the Supreme Court was filed on 27th February, 2020 to direct the Election Commission of India to;

- Not to destroy or dispose of VVPAT paper slips generated in any election in the last one year and to retain the same at least for a period of one year in consonance with the rules of Conduct of Elections Rules, 1961;
- To retain all other documents pertaining to the 17th Lok Sabha elections held in April, 2019.

ADR's petition has been pending in the Supreme Court since November, 2019.

Next date of hearing: As per the Supreme Court's website, there is no further/next date of hearing given by the court.

III. H.C.P 90/2020, Jamuna Vs. Secretary to Government of India and Others:

On 30th September, 2020, Madras High Court suo motu impleaded Association for Democratic Reforms (ADR) in a Habeas Corpus petition in the matter of Jamuna vs. The Secretary to Government of India and Others; H.C.P No. 90/2020. In the said matter, the Madras High Court in its order dated 30/08/2020 had taken a serious note of the close and an alarming nexus between criminals, police and political parties. The court had further made the following observations:

"1) The Central Government has to come out with a comprehensive legislation to prohibit persons with criminal background from contesting elections to Parliament, State Legislatures and local bodies.

2) Why not the Central Government enact a law to prohibit candidates with criminal background contesting the elections to the Parliament as well as State legislatures as suggested by the Constitution Bench of the Hon'ble Supreme Court on 25.09.2018."

Current status of the petition:

On 1st October, 2020, ADR also filed its written submission before the Madras High Court. In its submission ADR had contented the following:

- Disqualification of persons from contesting any of the elections to the public offices against whom charges have been framed for having committed serious criminal offences punishable by imprisonment of at least 5 years, and the case is filed at least 6 months prior to the election in question;
- Permanent disqualification of persons convicted of heinous crimes.
- Trial of cases in which the politicians are accused to be concluded in a time bound manner; and/or
- De-register and de-recognise any political party if it knowingly put up a candidate with a tainted background;
- Each political party to annually file the information on criminal antecedents of their Office Bearers and make such records available to the public, including NIL records.

On 6th September, 2021 the Habeas Corpus petition was disposed of by Madras High Court stating *"Since the period of detention itself is over, nothing survives for adjudication in this habeas corpus petition and accordingly, the same is closed."*

IV. Suo Motu PIL in Karnataka High Court to monitor the progress of criminal cases against MPs and MLAs of Karnataka:

The Hon'ble High Court of Karnataka in a suo motu PIL (WP 10240/2020) is monitoring the progress of trials before Special Courts dealing with criminal cases against Members of Parliament, Members of State Legislative Assembly and Members of State Legislative Council. With a view to assist the Hon'ble High Court, Association for Democratic Reforms had submitted data pertaining to criminal cases against MPs and MLAs before the Amicus Curiae appointed by the High Court.

In addition, based on the data collated and analysed by ADR on criminal cases against MPs and MLAs of Karnataka, Daksh had analysed and submitted before the Amicus Curiae the progress of 8 criminal cases pending against MPs and 131 criminal cases that were filed against MLAs of Karnataka.

V. Petition challenging the constitutional validity of the current practice of appointment of Chief Election Commissioner and Election Commissioners by Executive:

On 17th May, 2021 ADR filed a petition in the Supreme Court challenging the Constitutional validity of the current practice adopted by the government in appointment of Members of the Election Commission. In addition, the petition also seeks a direction from the court for constituting a neutral and independent collegium/ selection committee for appointment of Members of Election Commission on the lines of the recommendations given by the Law Commission in its 255th Report of March 2015; Second Administrative Reform Commission in its fourth Report of January 2007; Dr. Dinesh Goswami Committee in its Report of May 1990; and Justice Tarkunde Committee in its Report of 1975. In its petition, ADR has also contended that any practice of appointment of Chief Election Commissioner and Election Commissioners solely by Executive is violative of Article 14 and Article 324(2) of the Constitution.

In its petition, ADR has also contended that presently the current practice of appointment of Chief Election Commissioner and Election Commissioners is done solely by the executive which is violative of Article 14 and Article 324(2) of the Constitution of India. The impugned practice is manifestly arbitrary and incompatible with Article 14 and Article 324(2) because these articles mandate Parliament to make a just, fair, and

reasonable law for the appointment of Chief Election Commissioners and Election Commissioners.

At present, appointment of members of the Election Commission is on the whims and fancies of the executive making the Commission an extended branch of the executive and therefore, violates the very foundation on which it was created. The Election Commission of India is not only responsible for conducting free and fair elections but it also renders a quasi-judicial function between the various political parties including the ruling government and other parties. In such circumstances the executive cannot be the sole participant in the appointment of members of the Election Commission as it gives unfettered discretion to the ruling party to choose someone whose loyalty to it is ensured and thereby renders the selection process vulnerable to manipulation.

Current status of the petition:

There are no court orders given in this petition. The petition has not been listed/come up before the court since the time it has been filed. There are no notices issued to the parties (respondents) in this petition by the court.

Activities on Advocacy, Networking & Voter Awareness

ADR organized many press conferences and panel discussions along with outdoor and social media campaigns. Many informative articles were also written by in-house researchers that were published in reputed newspapers and magazines. Over 20 years, ADR has associated with 1200 state partners and 41 eminent personalities who continue to collaborate with ADR for various campaign activities like meetings, workshop, seminars and outdoor campaigns to make voters aware of the criminal, financial and other background details of contesting candidates and help citizens make an informed choice.

In FY 2020-21, ADR started two new projects:

Project 1: Action taken against political parties that default on or delay the submissions of their contribution reports or file incomplete information with the ECI

Project 2: Seizure of cash, liquor, etc. by the ECI during elections, and action taken against defaulting political parties

In collaboration with National Election Watch, ADR organised events to highlight the above two projects.

Some of the activities conducted by ADR during FY 2020-21 are mentioned below:

1. Letter/Submission to Election Commission of India

On **11th November 2020**, ahead of Bihar Assembly Elections 2020, Association for Democratic Reforms (ADR) made a submission before the Election Commission of India (ECI) on ***issues regarding the candidate affidavits uploaded by ECI and the suggestions for the same***. The same was also shared with the Chief Electoral Officer (CEO) of Bihar.

Later, ahead of the Assembly Elections of Assam, Kerala, Tamil Nadu, Puducherry and West Bengal, a similar letter was sent to the ECI and CEO of the listed States and Union Territory.

4. Hum Badlenge Apna Bharat, an ADR Youth Outreach Programme

To motivate, inform and involve youth in the political & electoral reforms processes, ADR initiated a Youth Outreach programme called **Hum Badlenge Apna Bharat (HBAB)** in FY 2016-17. The programme aims to educate Indian youths of the challenges faced by Indian Democracy today. With the support of our State Coordinators, we are committed to taking this programme to the maximum number of youths across the country.

i. Organize workshops/talks/lectures

ADR organizes a 1.5-hour workshop in schools and colleges where important points like **Criminalization of Politics, Expenditure on Election Campaigns, Functioning of Political Parties** and Role of Youth in Strengthening Democracy are highlighted. On request of colleges and schools, ADR also organises a topic-centric workshop. The workshop trainers use videos, audios, quiz papers and other interactive materials to engage with the youth.

5. ADR's Online Crowdfunding Campaign

On 03rd March 2021, ADR launched an online Crowdfunding Campaign. This campaign is to seek donations/funds from the general public for continuation of ADR's operations in the future. The campaign is not about any dedicated project but the overall work of ADR. The idea is to convey to the public the importance of ADR's work, past achievements, impact created and future plans. At the same time, to subtly highlight that institutional donations have shrunk over the years given the challenges of the field in which ADR works – Transparency, Governance and Political Accountability.

- **West Bengal Election Watch**

West Bengal Election Watch (WBEW) has been working towards strengthening electoral democracy for more than a decade now. Due to COVID19 pandemic and the lockdown situation WBEW had to perform a number of activities virtually.

WBEW organised various activities which aimed to Generate Mass Awareness, Sensitize Youths and Develop Capacity of Multi-stakeholders of Civil Society Actors for promotion of functional democracy in West Bengal. WBEW volunteers organised awareness campaigns, workshops, consultations, prepared interactive Information, Education & Communication (IEC) materials, translated ADR's reports in local languages etc., to encourage citizens to become a responsible and an informed citizen. WBEW's slogan for the voter awareness campaigns is "*Nijer Vote Nije Din. Jake Khushi take Din!*" which means "*Cast your vote by yourself. At your free will!*"

❖ Grassroots Awareness Camps

WBEW successfully organized Grassroots Awareness Camps in villages which included Panchayati Raj Institutions' representatives, ahead of West Bengal Elections 2021, in March 2021. The camps aimed to generate mass awareness about the voting rights and motivate the rural voters to become an informed citizen and voter. They were sensitized about the importance of every vote and its possible effects on their future. These camps were organised following all safety protocols.

Information Technology

About: Along the years, ADR has expanded its Information Technology to streamline its data analysis and multiplied its communication initiatives by incorporating cutting-edge technologies to not only disseminate the information, but also to establish a broad base for the outreach on the ground.

Activities of the IT Team:

- 1. Multiple Webservers for Load Handling:** ADR has been using multiple web servers for hosting myneta.info website for load balancing. Our aim of load balancing is to optimize the use of resources available, maximize throughput, minimize response time, and avoid overload of any single resource. Instead of using a single web server, load balancing takes advantage of multiple servers, by increasing the architecture availability and reliability.
- 2. Application Program Interfaces (APIs):** Ahead of every State Assembly Elections, ADR generates APIs for media houses/organisations for the dissemination of data related to the candidates' background in secure and reliable manner. These APIs are used for querying candidates' information from a constituency of interest. Apart from their research, media houses display the details of the candidates on their website in engaging ways to draw the attention of the voters, hence, facilitating our aim to encourage voters to be an informed voter.
- 3. Migration of Sites from Jaguar PC to OVH:** ADR migrated its server from Jaguar PC to OVH. The reasons behind this server migration were security concerns, replacement of equipment and many other factors.
- 4. Upgrade of Election Watch Software (EWS) Tool:** Developments were made in the existing EWS tool. Major changes were incorporated in the reporting section of the tool due to Server Migration.

5. **Configuration of 80G-Enabled Payment Pages Receipts via Razorpay:** ADR has introduced an automatic technique to share the receipt of the donation payment with donors via email. An auto-generated reference number is added by Razorpay along with ADR's uniquely identified reference number.

Link: https://pages.razorpay.com/ADR_donation_page

6. **Exclusive Webpages for State Assembly Elections 2020-2021:** For all the State Assembly Elections in FY 2020-21, dedicated webpages were created to list the related reports:

- i. **Bihar Elections 2020:** <https://adrindia.org/content/bihar-assembly-elections-2020>
- ii. **State Assembly Elections 2021:** <https://adrindia.org/content/state-assembly-election-2021>

7. **Revamped Political Party Watch Reports Section: Registered Unrecognised Parties** was introduced on the Political Party Watch (PPW) Report webpage; this section covers reports, brief write-ups and links on the same. The user interface of all the six different types of PPW reports were updated on adrindia.org. For easy understanding and accessibility, two tabs were added to each report webpage which facilitate the toggling between reports & related infographics.

Electoral Bond	https://adrindia.org/content/electoral-bonds
Election Expenditure	https://adrindia.org/content/election-expenditure-report
Electoral Trust	https://adrindia.org/content/electoral-trust-report

8. **ADR Stats Website:** To make electoral data available in visually appealing and engaging format using cutting-edge visualization tools, ADR created a webpage for the voters, media and researchers. The webpage aims to show trends, patterns and outliers of the data collated and studied over the last several years by ADR. These data are on candidates' background details, election expenditure, political party finance, electoral bonds etc. This platform is an open source which strives to empower Indian voters with election-related information.

9. **MyNeta Android App:** On National Voters' Day (25th January 2021), ADR and National Election Watch launched the upgraded "MyNeta" android application. This app is the mobile version of ADR's website, myneta.info, which is an open access repository platform run by ADR. It aims to empower Indian voters and encourage them to be an informed voter with the following election-related information:

- **Criminal, Financial, Educational, Income & Profession** details of the Candidate/MP/MLA of your constituency
- **Income/Expenditure** of and **Donations** received by National, Regional & other Political Parties of India

The updated app has following new features/improvements:

- Improvement in the user interface
- Addition of new sections such as Political Party Donations, Income/Expenditure analysis and Unrecognized Party
- Introduction of filters and master search features for the Political Party data
- Introduction of data sharing option on social media platforms such as Facebook, Twitter and WhatsApp; the earlier version only allowed data sharing via email and SMS
- Updation of Privacy Policy, Data Policy and Frequently Asked Questions
- Updation of ADR's contact information

10. **Certificate Generator for Events organised by ADR:** To ensure maximum participation in the youth-related voter awareness webinars/workshops/competitions, ADR provides certificate of participation/appreciation. Generating certificates for each individual is a cumbersome task and to overcome this challenge, ADR opted Certificate Generator which has automated this process.

11. ADR Speaks Podcast: In June 2020, ADR launched its Podcast Channel called ADR Speaks. It is a podcast series on issues related to electoral & political reforms. The episodes focus on the findings of ADR reports analysing background details of candidates, sources of political parties' income, election expenditure, Electoral Bonds etc. In these episodes, ADR breaks down key findings of its reports for simple understanding & accessibility to the general public, enabling them to make an informed choice. In FY 2020-21, 18 topics have been covered via ADR Speaks in English, Hindi and other vernaculars.

Link: <https://adrindia.org/content/adr-speaks-podcast>

12. 20 Years of ADR: To showcase ADR's efforts in bringing electoral and political reforms since its inception, in February 2021, ADR designed a webpage called "20 Years of ADR". The webpage highlights the initiatives, projects, reports, research, voter awareness activities, legal advocacy, and achievements of ADR.

Link: <https://adrindia.org/content/bihar-assembly-elections-2020>

13. MailChimp: To upgrade the communication between ADR and its stakeholders, ADR releases monthly newsletters, podcast newsletters, and event announcement via MailChimp, an email marketing platform.

Link: <https://adrindia.org/content/adr-newsletter>

14. StreamYard: To organise webinars, online press conferences/workshops/talks etc., ADR opted StreamYard. It is a live streaming studio which helps in streaming live events directly and simultaneously on ADR's Facebook and YouTube pages. In FY 2020-21, seven live events were organised by ADR via StreamYard.

15. GuideStar Rating for ADR: In November 2020, ADR was awarded with the **GuideStar India Transparency Key**, which is valid till 31st December 2021. **GuideStar India** is India's largest and most reliable NGO information repository.
