Criminal Background

- **Candidates with Criminal cases:** Out of 8051 candidates analysed, 1452 (18%) have declared criminal cases against themselves in their affidavits.
- **Candidates with serious criminal cases:** 959 (12 %) candidates have declared serious criminal cases against themselves.
- **Candidates with declared cases related to murder:** 22 candidates have declared cases related to **murder (IPC Section-302, 303)** against themselves.
- **Candidates with declared cases related to attempt to murder:** 82 candidates have declared cases related to **Attempt to murder (IPC Section-307)** against themselves.
- **Candidates with declared cases related to crime against women:** 107 candidates have declared cases related to crime against women. Out of 107 candidates 5 candidates have declared cases related to rape (**IPC Section-376**).
- The directions of the Supreme Court have had **no effect on the political parties in selection of candidates** in the 5 States **Assembly Elections 2023** as they have again followed their old practice of **giving tickets to candidates with criminal cases**. All major parties contesting in the 5 States assembly elections 2023 have given tickets to candidates who have declared criminal cases against themselves, as follows:
 - (a) Mizoram **3 % to 10 %**
 - (b) Chhattisgarh **5 % to 30 %**
 - (c) Madhya Pradesh **12 % to 53 %**
 - (d) Rajasthan **6 % to 72 %**
 - (e) Telangana **24 % to 72 %**

The Supreme Court in its directions dated 13th February, 2020 had **specifically instructed political parties** to give reasons for such selection and **why other individuals without criminal antecedents could not be selected as candidates**. As per these mandatory guidelines, the reasons for such selection have to be with reference to **qualifications, achievements and merit of the candidate concerned and not only based on the winnability factor**. During the recent **4 State Assembly elections held in 2023**, it was observed that **political parties gave unfounded and baseless** reasons like popularity of the person, does good social work, cases are politically motivated etc. These are **not sound and cogent reasons** for fielding candidates with tainted backgrounds. This data clearly shows that **political parties have no interest in reforming the electoral system** and our democracy will continue to suffer at the hands of lawbreakers who become lawmakers.
