Analysis of Donations declared by Regional Political Parties – FY 2023-24 & FY 2024-25

Introduction

This report, prepared by Association for Democratic Reforms (ADR) focuses on donations declared by Regional Political Parties during the financial years 2023-24 and 2024-25, as submitted to the Election Commission of India (ECI).

Political parties are a vital pillar of India's democratic system and disclosure of their finances/political donations enables citizens to scrutinize the sources of party funding and assess the potential influence of donors on the political process. The legal framework governing political donations is laid down in the Representation of the People Act (RPA), 1951, and the Income-tax Act, 1961. Section 29C of the RPA mandates that every political party submit a contribution report to the Election Commission of India (ECI), disclosing contributions exceeding Rs 20,000. In addition, Sections 13A and 80GGB/80GGC of the Income Tax Act provide tax exemptions to political parties and tax deductions to donors, subject to compliance with prescribed disclosure requirements.

This report analyses the donations above Rs 20,000 declared by Regional Political Parties to the Election Commission of India for the financial years 2023–24 and 2024–25. It presents a comparative assessment of the volume and value of contributions received across the two financial years, identifies the parties receiving the highest donations, examines the profile of major donors, and analyses donations by sector, mode of contribution, state-wise distribution, and availability of donor PAN details.

The analysis highlights significant variations in funding patterns across regional parties during the two financial years. While several parties witnessed substantial increases in declared donations in FY 2024–25, the composition of donations also varied considerably, with corporate and business houses accounting for the largest share of contributions, followed by individual donors. The report further examines donations received from inadequately disclosed donors and assesses the extent of compliance with statutory disclosure requirements.

This report focuses on donations received by 40 Regional Political Parties. The contribution reports of 39 parties for FY 2023–24 and 34 parties for FY 2024–25 were available on the website of the Election Commission of India (ECI) and have been analysed in this report.

- **The increase in political funding in FY 2024–25 was concentrated among a few Regional Political Parties.** The top five recipient parties in FY 2024–25: **DMK, AITC, YSR Congress, TDP and AIADMK**, together received **Rs 840.1264 cr**, accounting for **79.9% of the total donations declared during the year.**

- **Corporate funding dominated political financing.** Corporate/Business Houses contributed **Rs 872.538 cr (62.36%)** of the total donations received, while Individual donors contributed **Rs 193.946 cr (13.86%)**, despite accounting for nearly **69% of the total number of donations**.

- **Transparency-related disclosures showed significant gaps in FY 2024–25.** Donations from donors with **undeclared names amounted to Rs 302.667 cr, undeclared addresses to Rs 337.112 cr**, and **donations without PAN details to Rs 329.582 cr**, together accounting for a substantial proportion of the total donations declared during the year.

Recommendations of ADR

a. The Supreme Court gave a judgment on September 13, 2013 declaring that no part of a candidate's affidavit should be left blank. Similarly, no part of the Form 24A submitted by political parties providing details of donations above Rs 20,000 should be blank.
b. All donors who have donated a minimum of Rs 20,000 as a single or multiple donations should provide their PAN details.
c. Introducing a provision wherein an individual or a company cannot contribute multiple small donations exceeding a total of Rs 20,000 in a financial year, so that parties are not able to bypass the reporting requirement despite receiving a larger overall sum from the same donor.
d. The National and Regional Parties should, ideally, lead by example by filing complete and correct statements of donations to the ECI well in time for public scrutiny so as to encourage financial transparency.
e. It is suggested that the ECI publicizes on its website details of the action taken (if any) against political parties that fail to provide required details (such as name and address) of individuals, companies or entities making donations in cash.
f. Parties not adhering to the deadline fixed by the Election Commission of India should be penalized by making them liable to pay tax on 100% of their income from various sources.
g. Incomplete contributions reports having missing or incorrect PAN/mode of payment details must be returned to the parties by the ECI, to deter them from providing incomplete information.
h. The National and Regional political parties must provide all information on their finances under the Right to Information Act. This will go a long way in strengthening political parties, elections and democracy.
i. Annual scrutiny of donations reports of National, Regional and unrecognized parties should be initiated by a dedicated department of the CBDT, to discourage donations from shell companies or illegal entities.
j. Reporting and disclosure procedures must be strengthened to ensure that financial reports are audited independently and made publicly available in a timely manner. The development of an online reporting and disclosure platform can improve efficiency and transparency. Provide status updates on the submission of party reports showing which all registered parties submitted on time, which delayed their submission and those which defaulted, including the action taken against such parties by the Commission or other relevant authority.
k. Corporations should make details of their political contributions available in the public domain through their websites (in annual reports or on a dedicated page) for increasing transparency in political financing.
