- **Audit reports** of 16 parties were available on the ECI website after a **delay of 1 day to 97 days** from the last date of submission.
- The income tax returns/audit reports of **18** regional parties are not available on the ECI website at the time of preparation of this report even after **158 days since the due date for submission**.
- Given the **anonymity provided to donors** by the scheme, it is seen that **Electoral Bonds** have emerged as the most **popular mode of donations** to regional political parties for FY 2021-22. **More than 70.30%** of the total income (Rs 852.88 cr) of the 36 regional political parties analysed for FY 2021-22 is from **Donations through Electoral Bonds**.
- The most common and popular items of expenditure for regional parties for FY 2021-22 are **election expenses/general propaganda and administrative/general expenses**.
- As per the data shared by SBI in response to ADR's RTI application, Electoral Bonds worth **Rs 2673.0525 cr** were redeemed by parties in FY 2021-22. **67.79% (Rs 1811.9425 cr)** of this has been redeemed by **National Parties** and **31.91% (Rs 852.88 cr)** is redeemed by **Regional Parties**.
- **For the FY 2021-22**, only **4 National Parties** (BJP, INC, NCP and AITC) have received from Donations through Electoral Bonds (**Rs 1811.9425 cr**) wherein identity of the donor is not disclosed to the public. Of the Regional parties that have submitted their audit reports, **10 Regional Parties** (DMK, BJD, TRS, YSR-Congress, JDU, SP AAP, SAD, MGP and TDP) have **declared receiving donations through Electoral Bonds worth Rs 852.88 cr**.
- **MGP party** has not declared income through Electoral Bonds in its audit report, but the party has given Electoral Bonds amount in the Contributions report that they had submitted to the ECI. The Electoral Bonds amount is **Rs 55 lakhs**.

Recommendations of ADR

- The Supreme Court gave a judgment on September 13, 2013 declaring that no part of a candidate's affidavit should be left blank. Along the same lines, we recommend that the Election Commission of India impose rules that **no part of the Form 24A submitted by political parties providing details of donations above Rs 20,000 should be left blank**.
- Full details of all **donors should be made available for public scrutiny under the RTI**. Some countries where this is done include Bhutan, Nepal, Germany, France, Italy, Brazil, Bulgaria, the US and Japan. In none of these countries is it possible for 65% of the source of funds to be unknown. According to the **Finance Act, 2017**, Section 13A of the IT Act was amended to state that tax exemption will be given to registered political parties *"Provided also that such political party furnishes a return of income for the previous year in accordance with the provisions of sub-section (4B) of section 139"*

on or before the due date under that section.” Thus, any party which does not submit its IT returns on or before the due date, **their income should not be tax-exempted and defaulting parties should be derecognized.**

- Electoral Bonds infringe the citizen's fundamental 'Right to Know' by withholding crucial information regarding electoral funding. Such opaqueness is at the cost of larger public interest and is a severe blow to the very fundamentals of transparency and accountability. Serious concerns have been raised by civil society as well as constitutional authorities such as EC and RBI that **anonymous donations through Electoral Bonds will encourage money laundering** and lead to increased **use of black money** for political funding through **shell companies**. Therefore, **Electoral Bonds Scheme, 2018 should be entirely scrapped.**
- In the case of continuance of the Scheme, **the principle of anonymity of the bond donor** enshrined in the Electoral Bond Scheme, 2018 **must be done away with.** All political **parties which receive donations through Electoral Bonds should declare in their Contributions Reports the total amount of such donations received in the given financial year,** along with the detailed particulars of the donors as against each Bond; the amount of each such bond and the full particulars of the credit received against each bond. The procedures and reporting framework for the above must be standardized to ensure that a true picture of the financial position of the political parties is revealed to the general public.
- The **ECI/CBDT/CAG or any other relevant institution** should be **entrusted with the responsibility to oversee** that there is **no discrepancy between the value of Electoral Bonds redeemed** and the **value of donations received through Electoral Bonds by the political parties,** and whether only entitled political parties are receiving funding via Electoral Bonds.
- **All Political parties must provide all information on their finances under the Right to Information Act.** This will only strengthen political parties, elections and democracy.
- Those parties not following the ICAI guidelines for auditing of reports should be scrutinized by the IT department.

Need for a strict mechanism for reporting financial information

To ensure that there is financial transparency and accountability on the part of the political parties, there must be a strict mechanism with respect to reporting of financial information. The procedures and reporting framework must be standardized to ensure that a true picture of the financial position of the political parties is revealed to the general public. Institute of Chartered Accounts of India (ICAI) has put forward a set of recommendations on the request of the Election Commission of India (ECI). These recommendations relate to a standardized and comprehensive reporting framework of financial statements of political parties. ADR feels that there is a dire need for these recommendations to be implemented at the earliest.
